CITY AND VICINITY.

Simon Dykstra, of Allegan, has moved his family to this city.

Justice Van Duren dismissed the assault and battery case of Mrs. Susan J. Rhodes against Robert Coulter, of Ottawa Station on account of lack of evidence.

The Allegan Gazette celebrated its twenty-first anniversary last week. During all this time it has been edited by the man who founded the paper. The Gazette has built up a large circulation in Allegan county.

The steamer City of Chicago has taken the place of the Milwaukee, which has been placed on the St. Joseph run. The Soo City and City of Chicago will now make alternate trips between Chicago and Holland.

Irving H. Garvelink, who recently returned from Little Rock, Arkansas, has accepted a position as book-keeper with the Walsh-DeRoo Milling company. Mr. Garvelink will succeed Mr. Boone who resigned a short time ago.

Zeeland is not on the baseball map. The men that once made that town famous have signed with other teams. Karsten is making a name with the U of M's, and Slabbeekorn is showing up as an excellent pitcher with the Grand Rapids Garlands.

G. Van Schelven and G. J. Van Duren were elected president and vice president respectively by the trustees of the Pilgrim Home cemetery. The board also elected J. Dykema as secretary and treasurer, and appreciating the good services of H. H. Vander Water, re-appointed him as sexton for the coming year.

The Board of Supervisors paid a fitting tribute to the late L. T. Kanter, supervisor of the first district of this city. In the preamble and resolutions which were adopted the board highly esteemed Mr. Kanter for his faithful civil duties in the past, and expressed their profound sympathy to the bereaved relatives.

G. W. Browning has been chosen as one of the directors of what is known as the Michigan Bonding and Leasing company. This company bonds and leases mineral lands to carry on mining operations. The land is located in New Mexico and comprises four claims, covering 80 acres. There are said to be valuable copper deposits in this tract being within 15 miles of the famous Santa Rita copper mines owned by Rockefeller.

The steamer Argo which was intended for the Holland and Chicago run this year was found to be in a dangerous condition. Last year the steamer came in contact with rocks in Lake Superior, and had three plates cracked and a number of others bent. This year the boat was overhauled and the damages discovered. At present the steamer is being repaired in the shipowners' dry dock in Chicago and \$10,000 will be spent to make the boat seaworthy.

Dr. and Mrs. H. Kremers returned from a delightful trip through the southern states. They were gone one week and in that time the doctor attended a national convention of the medical fraternity at New Orleans. Many of the beautiful places in the south were visited. Numerous relics of the war of the Rebellion are preserved in the South especially in those places where that cruel conflict raged more severely. The doctor and his wife enjoyed the trip immensely, the former increasing his stock of stories from the sights and experiences on his journey.

Mrs. A. Holmer passed away at her home on East Tenth street last week Friday morning. For many years she had suffered from a complication of diseases. Doctors' aid gave no relief and only death could end her suffering. She was born in the Netherlands, and came to this country in 1876 settling at Crisp where she leaves considerable property. Later she moved to Holland. A husband and eleven children survive the deceased. The funeral occurred last Tuesday afternoon at 1:15 from the home and at 2 o'clock from the Ninth street Christian Reformed church. Rev. A. Keizer led the services. After the funeral exercises the remains were taken to the New Holland cemetery for interment.

Justice Devries enforced the law, which forbids the killing of song birds, by fining M. Schwartz \$10 and costs. This should be a warning to all boys with air guns and sling shots.

J. A. Kooyers and Harry R. Doeburg searched the woods around New Richmond, this week for wild flowers. They returned with a nice variety and will plant them in Centennial Park.

The state firemen's convention will be held at Alma, June 10 and 11. Extensive preparations are being made by the Alma firemen to entertain the representatives from the different parts of the state.

Trout fishermen who want to tell big stories about their catches will do well to put the magnitude into the size of the fish and not into the number. The law limiting the catch to 50 in one day is now in force.

The shore near Grand Haven bridge was crowded with anglers this week. Nearly every afternoon large messes of speckled bass were caught. Occasionally black bass would bite and some fine specimens have been landed.

The Holland Basket company is unloading material at Fennville for a basket warehouse which is to be erected in Ganges. By the time the fruit season opens this storehouse will be filled to supply fruit dealers at short notice.

Several of Zeeland's residents intended to cross the ocean this year and visit the Netherlands. Mr. and Mrs. S. Brouwers went last Monday. Messrs. M. Hirdes, M. Bal and J. Duinker are expected to leave in the near future. Mr. C. VanLoon intends to go later in the season.

On account of the illness of Mrs. Churchford, mother of Miss Nellie Churchford, the evangelist, the gospel meetings which have been held in De Groot hall this winter have been closed. When the work will be resumed meetings will be held in a tent back of Brusse's store.

It is expected that the meeting of the State Pioneer society, to be held in Lansing June 3 and 4, will be largely attended by the silver grays. A special program of unusual interest has been prepared for the meeting, which will be held in the senate chamber at the state capitol, if by that time the legislature has adjourned.

Three of Holland's sportsmen, B. Van Raalte, R. Elsley and A. J. Westveer, are after trout this week. They left last Monday for the Pere Marquette river which is noted as being densely inhabited by the finny tribe. Besides a lot of fish they promise to return with a number of newly concocted fish stories.

A local young lady made some candy the other day for refreshments for a company of friends that evening, but was so elated over her success as a candymaker that she had the members of the family and the neighbors "try" the candy until there wasn't any left for the company in the evening.

By careful consideration the council has finally adopted a plan by which to care for the storm and surface water on Eighth street. Catch basins will be built and from these the water will be conveyed by means of pipes to the swamp at the foot of Land street. The estimated cost of this work is \$2,519.75. Property owners on Eighth street are happy that this problem is solved with so light an expense. At first it was thought that the improvements would come to \$10,000.

The contractor to whom the paving of Eighth street will be awarded will be required to give bonds running for 5 years after the work is completed, and shall upon direction of the city engineer make such repairs as the latter shall prescribe after due inspection. The cost of the paving will be \$40,000. This besides the \$2,519.75 for sewer work will make a heavy levy on Eighth street property owners. A time of 5 years, however, is given to pay for both improvements.

The building formerly occupied by Rotsford and Pino has been leased for two years to Bascom Parker, the gas man, who will open his office some time in June. The store will also contain a large line of gas stoves. There will be a sample stove from every company manufacturing this article. Chandeliers and other gas fixtures will be displayed so that those desiring gas will have a large choice. Preparations are being made to build the gas plant on the vacant lot along the railroad track between Twelfth and Thirteenth street. A number of miles of mains have already been laid and everything is expected to be in readiness by the first of August.

OUR NEW SODA FOUNTAIN

Will be Opened Saturday, May 16th.

We have installed one of the handsomest and most complete soda fountains in western Michigan and it will be our aim to serve our patrons with the best of everything in the best possible manner. We have engaged a soda dispenser who is an expert in his line and whose sole business it will be to serve soda in the right way,—soda that is clean, cold, and delicious; phosphates and lemons that are worthy of the name, and all the fancy beverages that are dispensed at city fountains.

For flavors we will use the celebrated Hungerford Smith pure fruit syrups and crushed fruits, known everywhere as the highest priced and best. Our cream will be Pierce's, noted for its richness and purity and for the cleanliness observed in its manufacture.

We have been especially careful about the sanitary features of our fountain. Every part of our apparatus was selected with a view to absolute cleanliness. The syrup jars are constructed entirely of enameled porcelain; the draughts are fitted with the improved lever operating device and are lined with block tin, the only metal known which is not contaminated in the least by the ingredients used; the spoons, shakers, and holders are all heavily silver plated.

We have spared neither pains or expense to procure the best of everything that is necessary to serve up-to-date sods from an up-to-date way. Try us and see.

Rev. R. H. Joldersma has accepted the call of the Reformed church at Fulton Mich.

Mr. J. Elferdink, who recently suffered a severe attack of smallpox, is rapidly improving. The quarantine, which has been held on the home for a number of weeks, will be raised soon.

The large pump with a capacity of 8000,000 gallons per day has been installed in the Nineteenth street water station. The pump is driven by electricity. It has cost the city, for pump and motor, \$6,925, but with this new equipment the water works system is said to be in a perfect condition and ready for any emergency. During the first few trials of the new pump the water was roily but after the pump is in regular operation this will be remedied.

Six of the high school pupils wrote essays about Memorial Day. A committee consisting of Mrs. L. M. Redmond, Prof. Nykerk and Norton, where chosen to select one of these which was to be sent to Lansing to compete in the state essay contest. The judges awarded first place to Miss Xlira Hooper, second to Miss Evelyn Reidsema and third to Miss Hattie Arendsen. The decision of the judges at Lansing is awaited with interest. Those awarded first, second and third places will receive medals. The object of this contest is to awaken interest in Memorial Day.

The temperance rally which was held in Hope church last Monday evening was not largely attended. The addresses however, were of an eloquent nature. Rev. P. T. Rockman, D. D. of New Brunswick N. J., and Rev. M. Kolyn, of Grand Rapids, having made personal investigations, forcibly represented the evils of the saloon especially to our young men. It is in these holes of hell that money is lost, morals are corrupted and men made lower than beasts. It is of repeated occurrence that men of ability become worthless because they come under the gigantic curse of the saloon. If the church is to be an army which must fight evil it is right that its forces be allied against the saloon which is a power of the devil.

NEIGHBORING TOWNS

West Olive.

Theo. Schilling is making numerous improvements on his property here. Besides putting a brick foundation under the house he has opened up communication with the barn by a telephone in order to wake up the hired man in the morning.

Henry W. Harrington, cur industrial supervisor, was around assessing property Friday.

H. S. Goodman is also on the building list. He has a cement foundation laid for a barn. Size 20x30 with gambrel roof.

F. A. Vollmer has lumber on his lot near the depot where he will have a new residence built before next winter.

Mr. and Mrs. Geo. H. Ferry of Holland have removed back on their farm south of the River.

Rev. G. D. DeJongh was installed as pastor of the Christian Reformed church of South Olive, Sunday.

D. G. Wartman was in Grand Haven Saturday and Frank Blinn called on Holland the same day.

The Babcock Bros., A. R. Wabbe, and Wm. Halter were in Holland on business Wednesday.

John Leland was in Muskegon Thursday attending the funeral of his aunt.

Mrs. Theo. Schilling and children of Milwaukee arrived Saturday to spend the summer in their pleasant home.

The Gokey opera house has been sold and the new owner will start a store there so they say.

John Goodin is at work in Wright township digging ditches.

M. R. Merritt and wife and Mr. and Mrs. Nivison of Olive Center and Leendert Kieve of Ventura attended church here Sunday.

Wedding bells have been heard since last week but we are still unable to announce the result.

Nelson Dreese and family removed back from Agnew and A. S. Baker will follow and conduct a grocery here.

Casper Eise of Agnew is busy hauling lumber from A. S. Baker's barn to our village. We wonder if the creamery will come next.

Lewis Kamphuis was in Holland Monday.

L. Van Slooten is making preparations for building a new residence. He has stoned on the ground for the foundation.

Steamboat Springs, Colo.

Holland City News—According to my promise I will write a little of our journey from Denver to Steamboat Springs. We arrived after a hard journey of 80 miles on stage through miles of snow and mud, axle deep. The land on these mountains is very rich, and the snow melting above keeps it soft. Yesterday a stage pulled in with six horses, and 13 people. Every one is glad when the journey is ended. You go up to about 11,000 feet across the Continental Divide by stage, sometimes looking down thousands of feet and the road not over 8 feet wide, then through Yellow Jacket pass which is also up thousands of feet.

Many friends have written to me asking about this country and the mining property. As I can not answer all the letters I hope they will read this letter in which I will try to answer their questions. This is indeed a wonderful country, but I would not advise any one to come, not for anything for it requires a big expense and the trip is an awful one. There is a good outlook here, but one must run a big risk. I have tackled it with wife and children, and hope to do well. My intention is to build homes and sell them. I have a good partner, and we have commenced building.

We have the grandest springs in the world here, every kind of water. Many places are decorated with deer and elk heads, and stacks of horns. You ought to see the freights go through here. They go in long strings and take 5 days to make the trip.

Board is high here. Sugar and flour are very dear. And how is this, two glasses of beer for a quarter. Sleeping room is hard to get, and still people keep flocking in. Mr. S. Kleyn, of Holland called on me in Denver, and I also heard from him in Delta. I did not feel safe in advising him to come here, although he wanted to start in to some business.

Within one mile of this city on the mountains you can find 10 feet of snow. There are many cowboys here, but of all men the stage drivers must have nerve and must know how to handle horses.

We have two nice churches, high schools, an electric light plant and iron bridges. The nearest depot is 80 miles away. The streams in this vicinity contain nice trout which we may catch by the first of June. This is the country for big game. I think of Billie Smith when I talk of hunting. To all I send the best regards. Best wishes to friends and neighbors.

Chris Cook, wife and children.

Great Britain Adds a Vast Area in West Africa Under Sub-section.

London, May 13.—Great Britain, with a force of 500 men under the leadership of Col. Moreland, has added 100,000 square miles of territory to its possessions and made it a part of Nigeria. The lump of Africa taken under absolute British control is more than twice as large as England itself and larger by 20,000 square miles than England, Ireland and Scotland combined. The provinces taken are known as Sokoto and Kano, and lie near the western coast of Africa, just below the southern edge of the great Sahara desert.

Secretary of the Colonies Chamberlain to-day in the house of commons congratulated parliament upon the success of Col. Moreland's expedition, and said the new territory would be administered by the government of Nigeria.

PROPOSED PAVING OF EIGHTH STREET.

Notice is hereby given, that at a meeting of the Common Council of the city of Holland, held Tuesday, May 12, 1903, the following resolutions were adopted:

Resolved, that Eighth street, between the west line of River street and the east line of Land street be paved with either brick, asphalt block sheet asphalt, bituminous macadam or bituminous pavement, on a six inch concrete foundation, and that such paving shall include the construction of the necessary curbing, gutters, man-holes, catch-basins, approaches, and sewers for surface drainage, in said portion of said street, said improvement being considered a necessary public improvement; that such paving be done in accordance with the plans, diagrams and profile of the work, prepared by the City Surveyor, and now on file in the office of the City Clerk; that the cost and expense of constructing such pavement, with the necessary curbing, gutters, cross-walks, man-holes, catch-basins, sewers and approaches as aforesaid, be levied upon the general fund of the city, partly by the Grand Rapids, Holland & Lake Michigan Rapid Railway company, and partly by special assessment upon the lands, lots and premises abutting upon said portion of Eighth street between the west line of River street and the east line of Land street, as follows:

Total estimated cost of paving, including cost of surveys, plans to constitute a street, assessment being considered a necessary public improvement; that such paving be done in accordance with the plans, diagrams and profile of the work, prepared by the City Surveyor, and now on file in the office of the City Clerk; that the cost and expense of constructing such pavement, with the necessary curbing, gutters, cross-walks, man-holes, catch-basins, sewers and approaches as aforesaid, be levied upon the general fund of the city, partly by the Grand Rapids, Holland & Lake Michigan Rapid Railway company, and partly by special assessment upon the lands, lots and premises abutting upon said portion of Eighth street between the west line of River street and the east line of Land street, as follows:

Pain

From Inflammatory Rheumatism

Would Have Killed Our Son.

Dr. Miles' Anti-Pain Pills Saved Him.

"We began to use Dr. Miles' Nerve and Liver Pills six years ago. My wife had liver trouble and a neighbor gave her some of your liver pills to try, after which we bought a bottle of them and my wife used them until cured. Since then I have used them and I must say that I have never used any pills that gave me the satisfaction these have. We also use Dr. Miles' Anti-Pain Pills with greatest satisfaction. Three years ago our son Harry had inflammatory rheumatism. He had suffered so much that I believe if we had not given him Dr. Miles' Anti-Pain Pills which relieved him almost instantly he would have died. I am always glad of the opportunity for praising Dr. Miles' Remedies."—James Everett, Alton, Ill.

"I was afflicted with neuralgia for years and never found any permanent relief till I began using Dr. Miles' Anti-Pain Pills. They are a sure cure for headache and neuralgic pains. Only this morning I recommended them to a friend with a severe headache and in a half hour he came into the store smiling. The headache was gone. We use them in the family and find them excellent for the women folk. This high altitude makes them very nervous. Grandma says I should tell Dr. Miles she could not live here were it not for the Anti-Pain Pills that she takes occasionally."—L. B. Morris, Helena, Montana.

FORTY LOSE THEIR LIVES.

And Many Others Are Injured as a Result of Strike Riots in Valparaiso, Chili.

THE CITY PLACED UNDER MARTIAL LAW.

Strikers Set Fire to Warehouses and Attack a Newspaper Office—Government Refuses All Offers to Compromise Difficulties—Troops Patrol the Streets.

Santiago, Chili, May 13.—The strike of dock laborers at Valparaiso is becoming more serious. The strikers, after setting fire to the quay, as well as to the offices of the South American Steamship company, had a number of encounters with the police, during which 40 persons were killed and 200 were injured.

A detachment of 3,000 troops has been dispatched to Valparaiso to quell the disorder. The government has refused all offers to compromise the difficulties, and is determined to adopt the sternest measures to restore order.

Martial Law Proclaimed.

Buenos Ayres, May 13.—Advices received here from Valparaiso say martial law has been proclaimed there, as a result of the rioting at that place. Forty men are said to have been killed and many have been injured. When the

MUST PAY PENALTY.

The Federal Salt Company Gets Into Trouble by Violating the Sherman Anti-Trust Law.

San Francisco, May 13.—Before Judge De Haven in the United States district court the Federal Salt company, of which D. E. Skinner is president, was convicted of maintaining a monopoly, contrary to the Sherman antitrust law. When the case was opened counsel for the corporation withdrew its original plea of not guilty and pleaded guilty to the first count of the indictment. Judge De Haven will pronounce sentence on Thursday. The maximum fine is \$5,000.

This case marks the first conviction under the Sherman law, which went into effect in 1892. Last November the attorney general's office won a civil suit before Judge Morrow against the same company on identical evidence. The successful termination of that suit abolished the contracts the Federal Salt company held.

MAKES GREAT CLAIM.

New York Doctor Tells How a Dead Person Can Be Massaged Back to Life.

New York, May 13.—A physician of this city claims to have made the discovery that a patient can be massaged back to life. He announced this method of resuscitation at a recent meeting of the New York Academy of Medicine.

The method is to make a small incision between the ribs without cutting the bone. The fingers are then thrust

officers of the Mercurio were attacked by the rioting dock laborers the staff of that paper defended themselves with firearms. The rioters have set fire to a number of warehouses, in addition to burning the premises of the South American Steamship company. Troops are patrolling the streets of Valparaiso.

Riots Have Subsided.

Another dispatch says that owing to the measures taken by the authorities and government, the riots at Valparaiso have subsided. The damage done is very great. Several buildings were burned to the ground, and the Esplanade was destroyed. Complete calm now prevails.

Must Pay Head Tax.

El Paso, Tex., May 13.—By a ruling of the commissioner general of immigration received here all aliens and emigrants coming into the United States must pay the two dollars head tax regardless of the means of transportation. This will apply to those who travel on the street cars between Juarez, Mexico, and El Paso, Tex., and affects numbers who daily transact business between the two places.

Six Hundred Out.

Decatur, Ill., May 13.—Six hundred men were thrown out of work at the Mueller factory by a strike of 30 core makers. The core makers demanded \$2.50 a day. The firm alleges that it has an agreement fixing the present scale until December 1. When the core makers struck, the firm ordered the closing of the entire factory.

Find Floating Body.

Pittsburg, Pa., May 13.—The finding of the body of an unknown man floating in the river will probably develop a murder mystery. A handkerchief had been forced into the man's mouth, and there were several wounds on the back of the head. The body is that of a man about 60 years old, well dressed.

Inaugurated President.

Oberlin, O., May 13.—The inauguration of Henry C. King, D. D., as president of Oberlin college, took place Wednesday. The inaugural procession was the most marked feature of the ceremonies. The procession consisted of about 3,000 persons, of whom nearly half were students.

Hotel Burned.

Oakland Beach, R. I., May 13.—The Oakland Beach hotel and two adjoining buildings were burned, the loss being \$82,000.

Business District Burned.

Little Rock, Ark., May 13.—Half of the business district of Austin, Ark., has been burned. Loss, \$50,000.

into the opening behind the heart. A few gentle pressures on the heart is all that is required, it is claimed, to revive the circulation. In conjunction with this process is an artificial respiration produced with a pump. A tube is attached to the pump and inserted into the patient's throat as far as the windpipe.

Lost Daughter Found.

Baltimore, Md., May 13.—Ethel Clarke, daughter of Mr. and Mrs. Jasper W. Clarke, who was kidnapped 23 years ago, is once again in the home in this city from which she was stolen. The fullest investigation has been made, resulting in the positive identification of the young woman as the daughter of Mr. and Mrs. Clarke.

Preparing for War.

Victoria, B. C., May 13.—According to advices brought by the steamer Empress of India, Japanese arsenals are worked day and night, provisions are concentrated, coal is stored on Tepima Island, and on all sides it is evident that Japan, doubting Russia's withdrawal from Manchuria, is preparing for war.

Bound and Robbed.

Monroe, Mich., May 13.—Three masked men battered in the door of Laurence Gregory's home, five miles northeast from here, bound Gregory, and then robbed him of \$56 cash, a certificate of deposit for \$20, and a check for \$340. Gregory, who is a bachelor, aged 69 years, lived alone in the house.

Want Conductors.

Kansas City, Mo., May 13.—The state free labor bureau has an order from St. Paul for 100 railroad conductors to run freight and passenger trains on the Great Northern railroad, but there are no applicants for the positions. The salary offered is \$140 a month.

Two Drowned.

Prairie Du Sac, Wis., May 13.—By the capsizing of their boat on the Wisconsin river here Frank Shell and Mabel Bickford were drowned. Frank Kendall and Vivian Reynolds, who occupied the boat with them, were rescued.

Going to Mexico.

New York, May 13.—On the Spanish steamer Manuel Calvo, which has arrived here from Spanish ports, were a number of priests expelled from France. They are going to Mexico to act as instructors in schools.

Missionaries Leave.

London, May 13.—Advices from Morocco say the American missionaries have practically abandoned Mequinez, owing to the critical situation, but there is no anxiety regarding the missionaries elsewhere.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at Heber Walsh's drug store.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried every thing I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It is guaranteed by Heber Walsh, druggist. Trial bottles 10c. Reg. sizes 50c, \$1.00.

Quick Arrest.

J. A. Gullledge of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25 cents at Heber Walsh's drug store.

A FEW EACTS

Longfellow could take a worthless sheet of paper, write a poem on it, and make it worth \$5,000. That's genius.

J. P. Morgan can write a few words on a sheet of paper and make it worth \$1,000,000. That's capital.

A mechanic can take a pound of steel and work it into watch springs and make it worth \$800. That's skill.

A merchant can take an article worth \$1.50 and sell it for \$2.00. That's business.

Your wife can buy a coat for \$10 but prefers one that costs \$50. That's natural.

BLOOD DISEASED MEN

If you ever contracted any blood disease you are never safe unless the virus or poison has been eradicated from the system. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, aching pains, itching of the skin, sores or blotches on the body eyes red and smart, dyspeptic stomach, sexual weakness—indications of the secondary stage. Don't ruin your system with the old fogey treatment—mercury and potash—which only suppresses the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over 20 years. No names used without written consent.

Mr. E. A. C. writes: "Your remedies have done me more good than Hot Springs and all the doctors and medicines I had previously tried. I have not felt any of those pains or seen any ulcers or blotches for over seven years and the outward symptoms of the loathsome disease have entirely disappeared. My hair has grown in fully again and I am married and happy."

Lively Demand for Labor and High Wages.

The lively demands for labor both on the farms and in the city has brought about a shortage of men. Especially is this experienced by farmers. In some sections of Michigan there is a falling off in the amount of acreage planted to crop this spring because of the inability to obtain the necessary help to till the soil. From all over the state applications are made by farmers for men and women to work on the farms. This scarcity of workmen can be explained by the fact that young men leave the country, and go into the cities to learn trades and find employment more suited to their liking. For the greater part their places are being filled by elderly persons. Very frequently a man and his wife find an excellent home and means of livelihood by going upon a farm to assist its owner.

The large public improvements made in many cities, the building of factories, stores and dwelling places have also increased the demand for labor, so that every able bodied man can find employment somewhere. In many places in this county, Holland, Zeeland and Grand Haven, gas and water pipes are being laid, and new buildings erected. Every man that desires to work can find it.

Naturally there is an increase in wages. The more the work and the fewer the men, the higher the wages will be for labor. The official report of Secretary of State Warner, says that on the farm the average monthly wages with board in the southern counties is \$21.93, in the central counties \$20.86, in the northern counties \$21.79, and in the state \$21.63. The average wages by the day, without board, in the southern counties is \$1.36, in the central counties \$1.34, and in the state \$1.33. The average wages by the month last year with board, was in the state \$20.20, and the average wages by the day, without board, was, in the state, \$1.22. In the factories the wages average \$1.32 per day and outdoor work pays an average of \$1.75 per day.

As the year advances labor will be in still greater demand. Usually there is not much trouble in securing help in the spring. Often young men leave the factories where they found employment during the winter and go to the farm during the summer. Now the conditions are reversed and the young men come to the city. If there is not more help to be had on the farm later, when harvesting time comes and during the fruit gathering, the situation will be far more serious for our farmers and fruit growers.

Macatawa to be a Real City

The improvements which are being made at Macatawa Park will give it the appearance of a real city. There will be electricity for street purposes and domestic services. The Macatawa Park association has awarded the contract to the M. B. Wheeler Electric company of Grand Rapids, and the work of installing the plant and wiring the houses has already begun.

The plant will have a capacity of 1,500 incandescent lights of sixteen candle power, and a power station will be built on the bay and equipped with the most modern type of machinery. It is the intention to brilliantly illuminate the lake front and the contract calls for seventy-five lamps along the lake shore. The cost of the electric system will be about \$3,000.

New pipes are being laid, hydrants constructed, and old pumps improved and others added so as to make the water works system in good order. With these improvements Macatawa will have as good a fire protection next summer as it is possible to have. Many of the older cottages and nearly all of the new ones are being equipped with light and water conveniences so that resorters will have the same comforts as they had in the city. To correspond with the other improvements the walks will be repaired. One new cement walk is being laid along the beach which no doubt will be a much frequented promenade. When the season is on and the Park is crowded with the thousands of visitors, and especially in the evening when electricity will illumine the walks Macatawa will have the appearance of a real fashionable city.

Death of a Prominent Leader. Mr. George Lauder, at one time a prominent citizen of Holland, died at his home in Los Gatos, California, at the age of 75 years. Mr. Lauder came to Holland in the days of the Civil War. During his entire stay in this city he conducted a photograph gallery which was located on River street before the large fire in 1871, and later on Eighth street on the site now occupied by the City Grocery.

He was actively identified with public affairs, and in the councils of the Republican party he was considered a leader. At the incorporation of Holland as a city he was elected the first city treasurer, and subsequently served four years as alderman. He also held the position of assistant inspector of internal revenue.

When the Unity Lodge, F. & A. M.

was organized, which was in 1866, Mr. Lauder was elected the first worship master. Under his direction the Holland Fire Department was organized and he was elected the first chief of the company.

In social circles Mr. Lauder and his family were also very prominent. They were surrounded by a large circle of friends. A daughter, at that time Miss Mary Lauder, was a popular singer in the choir of Hope church. The family residence was located near the Grand Haven bridge which place was at that time most populated.

In the seventies they moved to the Pacific coast. Concerning their residence there and the death of Mr. and Mrs. Lauder the Los Gatos Mail speaks as follows: "Twelve years ago Mr. George Lauder and family came to Los Gatos, and ever since have made the Gem City their home. Mr. Lauder was a carriage painter and labored at his profession up to a few weeks ago, when his wife became very ill and died on March 18th—just 23 days prior to his own death. Two daughters are left to mourn the father's death—Mrs. M. H. Cropley, of Arcata, and Miss Mary Lauder of this city. The funeral was held from the house at 2:30 o'clock last Sunday afternoon, conducted by Rev. W. Landon, D. D., of the San Francisco Theological Seminary at San Anselmo, the Masonic brethren attending in a body and conducting the burial service at the cemetery. The choir of the Presbyterian Church furnished the music, the selections being "O Land of the Blessed," "He Giveth His Beloved Sleep," and "Nearer, My God, to Thee." Mr. Lauder was one of the oldest Masons in the State; he was also a member of the Ancient Order of the United Workmen. His friends in Los Gatos and vicinity were legion, and all unite in extending sympathy to the now doubly bereaved daughters and grandchildren."

Partial Confession.

Sherman Wells, the young man who was confined in the county jail on the charge of murder committed in Dakota, has made a partial confession. He told the sheriff that his dead brother John really committed the murder, and that all he did was to bury the body. He says that he and his brother John and Frank Carr were in the barn near where the body of Carr was found; that they were drinking liquor and became involved in a quarrel. Wells says that Carr tried to stab him and his brother. John struck Carr over the head repeatedly and killed him. Then Sherman made all effort to hide the body, and buried it in the manure heap in the rear of the barn, where it was discovered horribly mangled some weeks ago. The confession of Wells is not believed as his brother John, who was killed in a railroad accident last winter, is spoken of as a different kind of man than Sherman, and was industrious and steady. The fact that he puts the blame of the murder on his dead brother, who is not alive to answer the charge, plainly indicates the kind of a man Sherman Wells is, and there is little doubt that he lies when he tells that story.

Sherman has a bad reputation in his Dakota town. His partial confession is not believed. The truth of the matter seems to be that Wells is up against a hard proposition, and the gallows are staring him in the face. Like a drowning man, he is snatching at straws, and he shows his lowness by placing the crime upon a brother who probably knew nothing of the murder. It is believed that Wells killed Carr out of revenge, an ill feeling having existed between them for some time.

Now that Wells has made a confession, it is possible that he will further weaken, and then there will be a case of stretched hemp in the little Dakota county, and a cold blooded murderer will get his just deserts.

Commencement in the Public Schools.

Herewith we give a list of those who will be graduated from the high school in June. The sermon to the class will be preached by the Rev. Mr. Trott, at the Methodist church, Sunday, morning, June 14th. The commencement exercises occur on Thursday the 18th, at the same church, and on that occasion an address will be delivered by the Rev. Jean F. Loba, D. D., of Evanston, Ill. Dr. Loba is one of the best known ministers in the Congregational denomination and has visited many foreign countries inspecting the missions of the American Board. For some years he was himself at the head of the McCall mission in Paris, France.

Seminary Exercises.

Wednesday evening witnessed the graduation of eight young men from the Western Theological seminary. The exercises were opened with a grand organ voluntary by Miss Minnie Sprletman. Rev. D. J. De Bey conducted the preliminaries, while Dr. P. T. Pockman, D. D., of New Brunswick, presided over the meeting. After a beautiful anthem by the Third church choir, J. W. Beardslee delivered an address, showing the struggles, hardships and perseverance of Christianity in the second century. S. C. Nettinga spoke in the Holland language, and discussed "The basis of certainty for our belief in the genuineness of the Scriptures." The ground on which he built was not so much the external evidence but more the testimony of Christians who experienced the power of the word in their lives. Rev. G. J. Hekhuis of Chicago, on behalf of the Board of Superintendents, addressed the graduating class on "Christian Work," and gave experienced advice to the young men who had chosen the ministry as their profession. In an appropriate address Doctor Beardslee, president of the seminary, presented diplomas to the class, which is composed of the following members: J. W. Beardslee, H. P. Boot, A. De Young, H. Heuneman, S. C. Nettinga, A. Van Zante, S. F. Riepma and J. Straks.

Additional Local.

The Christian Reformed church at Graafschap has extended a call to Rev. S. S. Vander Heide of Beaverdam.

The City of Milwaukee will leave Holland tomorrow night, when an excursion will be given to Chicago at \$1.50 for the round trip.

Rev. H. Straks, of Harrison, S. D., attended the graduating exercises of the Western Theological seminary, this week. John Straks, his son is a member of the graduating class.

Mrs. J. Vos accompanied by Mrs. H. Huizenga, both of Grand Haven, spent a pleasant day at the home of her children, Mr. and Mrs. Fred J. Vos of 274 Van Raalte avenue.

A new stock of thin cotton dress goods will be placed on sale at John Vandersluis. All new patterns to select from at 8 cents to 25 cents a yard. Another shipment of new white shirtwaists just received.

The expert pipe-organ tuner, C. W. Murdock, of Milwaukee, was in Holland this week when he tuned the pipe-organ of the Central avenue Christian Reformed church. By skillful work he managed to greatly improve the tune and increased the volume of the organ.

The pond in Centennial Park is slowly receiving its collection of fish. Already a few of the finny tribe can be seen sporting through the cool water hardly knowing that they are prisoners. The fountain basin will be inhabited by a collection of sparkling gold fish which is generously loaned to the park board by L. E. Van Drezer.

A channel 17 feet deep and 100 feet wide is being dug in the Holland harbor in order to admit the steamers Argo and Puritan, which will be on the Holland and Chicago run this year. To dig the proposed channel 50,000 cubic yards of sand will have to be removed, which under favorable circumstances will last at least two weeks.

The acreage planted to peppermint on the muck lands all over the state is increasing annually, the high price paid for oil causing many new growers to rush into the business and old growers to increase their acreage. Zeeland and surrounding townships have many acres of land well adapted to the raising of peppermint and the product would undoubtedly find a quick market. Chris DeJonge some years ago owned and operated a large distillery a few miles northeast of Grand Haven, but the industry has practically died out.

Martin L. D'Ooge, professor of Greek at the University of Michigan has been elected a member of the Society for the Promotion of Hellenic Studies, in England. This society is an old organization, and elects to membership people in all parts of the world who are prominent in such work. Prof. D'Ooge is a son of an old settler, P. D'Ooge, so well known to old settlers. His son, who is now professor at the University of Michigan, was always known for his brightness and desire to study.

No doubt nearly every one living in this community will doubtless want to visit Grand Rapids on Monday June 1, when the Adam Forepaugh and Sells Brothers' Great Consolidated Shows, comprising double circuses, double menageries, double museums, double hippodromes, etc. will appear in that city. In this circus there are scores of sensational features all of which are intensely interesting and well worth seeing. In order to see this show all lines of travel will offer especially low rates of fare. Agents of these lines will furnish all information.

According to a lecture delivered by Dr. H. A. Baker, member of the state board of health, consumption will be banished. At the past rate of decline, the diseases will disappear in about fifty years. This is the result of restricting tuberculosis not by the restriction of the movements of the infected persons, but the education of all consumptives especially and the people generally as fast as possible, concerning the ways in which tuberculosis is spread, and the simple method of lessening its spread, by the destruction or disinfection of the sputa of coughing consumptives.

Albert Schuurman, John Molendyk, John Westvelt, Wm. Schilstra, John, Fred and Henry Van Voorst, M. Stegeman and Nick De Boer, all young men from the country, in the neighborhood of New Groningen, were summoned to appear in Justice Roosenraad's court for a hearing tomorrow. Sheriff Dykhuys investigated the matter Tuesday, and from the developments it appears that the young men, while under the influence of liquor, last Saturday night visited the home of Mr. and Mrs. H. Lep, an aged pair living near the New Groningen cemetery, and thoroughly frightened them. It is said that these fellows have been in the habit of making night hideous for the aged couple for more than a year and it is high time that it is stopped.

A. Peters has purchased the vacant lot west of Rinck's block on Eighth street.

H. P. Zwemer sold his cottage at Virginia Park to John G. Kamps for \$1100.

Do not fail to buy one of those fine comfortable morris chairs at bargain prices for one week only at Van Ark Furniture Co.

Star of Bethlehem Chapter leave for Grand Rapids May 19 on the 4:40 Interurban. Special rate tickets can be procured at Van Drezers' restaurant.

John E. Krulzenga, recently re-elected professor of English and Greek at the Northwestern Classical Academy, has resigned and will continue his theological course.

Rev. Dr. Drury, of New York City, editor in chief of the Christian Intelligencer, is visiting in this city. On Tuesday morning he led devotional exercises in Winants chapel.

William Brady, of Chicago, has purchased 40 acres of fruit farm north of Saugatuck. The large residence will be used by Mr. Brady as a summer hotel. The estate was formerly the property of I. Bell.

Rev. A. Trott has chosen as the subject for his address on Sunday morning the parable of the sower. In the evening a special sermon will be preached to young ladies, the subject being "Polished Corner Stones."

The Macatawa Hotel annex has been opened by Mrs. M. A. Ryder, and all early resorters will find accommodations here until the formal opening of the hotel which is expected to be sometime in June.

Justice Van Duren sentenced James Wildschut to a course at the reform school for stealing \$1.25 from Nick Baas. Wildschut is only 10 years of age but is a troublesome character and it is hoped that the house of correction will have a good influence over him. County Agent Whipple accompanied the boy to Detroit.

If any bicycle rider of Holland and vicinity are interested to know exactly how much pleasure, in pounds, there is on his wheel's bearings and chain, he is requested to go to Cook Bros. bicycle shop on Saturday, May 16, where E. S. Williams of the Miami Cycle & Mfg. Co. will perform the test free of charge.

The state crop report just issued by the secretary of state indicates a good condition of the wheat crop. It is said that some damage has been done on low ground and on heavy clay soil; however, the cool, wet weather has been, as a rule, favorable for the crop. Some correspondents report fly in the wheat, but as yet no great amount of damage has been done.

Experienced fruit men who have examined the fruit buds in different localities are of the opinion that the frost seemed to confine itself to certain districts. North of the Grand River no harm has been done. The fruit belt to the south of this city has suffered a little. The buds, however, are so close together that half of them can be destroyed and then there will still be enough left to permit of a good crop.

N. Van Zanten of this city has commenced suit for damages in the Kent county circuit court against the G. R. H. & L. M. railway company in the sum of \$20,000. He was a passenger on the car which was wrecked at Saugatuck junction last February and claims to have received injuries of a permanent nature. In his bill of complaint he says that the accident was due purely to carelessness and incompetent employes of the company.

The fire department was called out this morning to extinguish a small blaze back of Van Tongeren's Cigar store. In an amazing short time the two companies were at the scene. The whistle had hardly stopped blowing when No. 2 and No. 1 came dashing down Main street and met at Central avenue. With skillful maneuvering two lines of hose were led to the fire and before much damage was done the blaze was extinguished.

A most sweeping reform in the cigarette habit will take place in Michigan if the anti-cigarette bill which has been passed by the House of Representatives becomes a law. The flood gates of oratory were opened wide when the bill came up and a great store of canned speeches were poured out. The bill is sweeping in its nature, absolutely prohibiting the sale of cigarettes or cigarette paper in this state.

The Thirty-sixth semi-annual apportionment of primary school interest money is being made among the various counties of the state this week, the computation having been completed by Superintendent of Instruction Fall as required by law. The apportionment is based upon the number of children of school age, between 5 and 20 years, in each county, and the rate is 60 cent per capita; the total amount to be paid being \$442,588.02. Of this amount Ottawa county receives \$8201.40, having 13,669 children. The apportionment allows Holland \$1459.80, there being 2433 persons of school age in this city.

Fritsch & Thompson have moved into their new quarters, 210 South River street. These two young men, both hustlers and expert plumbers, have built up a fine business. Many of the largest contracts have been secured and satisfactorily executed by them. Lately they completed the plumbing in the beautiful home of H. DePree, of Zeeland, and now they are installing the plumbing and hot water heating in the new houses of A. Steketee and Prof. J. H. Kleinheksel.

Hope College News.

Ben Kleinhekselink, '02, expects to leave in the near future for Montana, where he will engage in the surveying business.

On Wednesday afternoon the "A's" defeated the redoubtable "C's" in a hotly contested ball game. Score 10 to 9.

John Van der Beek, '02, having finished his first year in the seminary, leaves next week for Oak Harbor, N. D., where he will be engaged in mission work during the coming summer.

This afternoon McLaughlin base ball team of Grand Rapids is expected to cross bats with the college boys.

Prof. and Mrs. Yntema will entertain the senior class this evening at their country home, one mile east of this city.

H. VanderNaald and H. Mollema teachers in the Holland Centre Sunday school had a photo taken of their respective classes last Saturday.

Janitor Bloemendal spent a few days in Chicago, this week, where he was the guest of relatives and friends. He expects to spend next summer visiting relatives and friends in the Netherlands.

George Loveridge will spend Sunday at his home in Pennville.

Rev. conduct Niemeyer of Pella, Iowa, conducted chapel exercises last Thursday morning.

General Items.

A farmer near Grand Haven has invested quite a sum of money in a scheme to raise wild ducks. This is another case where riches may take wings.

At the request of a Paw Paw man the only flowers used at his funeral were the artificial blossoms from his widow's hats. He wanted to be sure of a costly funeral.

It isn't only the young man's fancy that in the spring lightly turns, etc. Licenses were issued in a neighboring county this week for William Allen, aged 79, to wed Elizabeth Leach, aged 61, and for Samuel Berkley, aged 55, to change the name of Abbie Dexter, aged 57 to Berkley.

"We mought be shocked if we cud see ourselves ez other folks sees us," said the Sand Creek Sage, "but not more so'n'th' others ne be if they cud see us as we sees ourselves."

Weather prophet Hicks says that May and June are the months this year in which to collect and store supplies of water. Those depending on rains for supply will do well to heed this warning.

The sharpest young wife in this county lives not far from Holland. Her husband had the bad habit of staying away from home late at nights but he doesn't do so any more. Before going to bed she would put two easy chairs close together by the sitting room fire, and they hold a match to a cigar until the room got a faint odor of cigar smoke. Never a word was spoken on either side, but it effected a complete cure.

A correspondent writes, "Uncle Jed Smith is down with newmonie fever." It is evidently a bad spell.

A tramp who gave the name of Thomas Anderson was sauntering along the main street of Zeeland, and was picked up by a police officer. The justice of the peace gave him fifteen minutes to get out of town or sixty days in the county jail. Those who saw his flight judge that he is still running. He was about the fastest sprinter ever seen in that town.

A newspaper story is that a farmer in the vicinity of Cheboygan built a small barn and in its construction used green willow posts at the cones and along the sides. For some time nothing unusual was noticed, but after a year he saw whereas he had laid the floor near the ground it was three feet above the soil. He discovered that the willow posts instead of being dead were alive. In their upward movement they had carried the barn along. Last spring the barn was on stilts nine feet high and he put in a new floor and surrounded the posts with siding, thereby making a two-story affair. There is now a space of seven inches between the new floor and the ground, and the owner expects to have a three-story barn in the course of time.

MADGE THE MAG

By W. CALVER MOORE

(Copyright, 1903, by Daily Story Pub. Co.)

"M. AIN'T she a regular swell! Look at them clothes." "Shut up, you! Don't you know how to behave?" When Mrs. Davis reached her little house in the narrow side street and spread out for preliminary inspection the clothes she had taken to wash, the daughter stood absently gazing out of the window. "What are you moonin' like that for?" "I ain't moonin'; I'm thinkin'." "Well, what are you thinkin' about?" "Her?" "Her? Who's her?" "The girl we saw in the square." "You better think about these clothes. She ain't none of your kind." "I wish she was; leastwise I wish I was her kind and had such clothes." "Shut up." "Can't I think about her if I want?" "Mag Davis, you get at these here clothes." "Mag" worked for a few minutes in silence, but to refrain long from speech was not consistent with her habit. "Say, mom, who is she, anyhow?" "How do I know who she is?" "You been gettin' wash from around there for a year. Is she the president's daughter?" "No. She ain't the president's daughter. She's Madge Kendall, that's who she is, and her father's a millionaire." "Madge, Madge—I wish my name was Madge." "So it is; only she's a lady and you ain't. She's Madge the Lady." Then, as if in explanation: "We always called you Mag 'cause it comes handier." "She's Madge the Lady, and I'm—Say, what am I, Mom?" "You ain't nothin' but a lazy, good-for-nothin'." "I guess I'm Madge the Mag, that's what I am. She's Madge the Lady and I'm just Madge the Mag." When Mrs. Davis started out to deliver the snowy bundle of clothes, two

days later, she was unaware of the small figure which followed her like a shadow. If she had turned and noticed Mag's afternoon outing would have come to a sudden termination or else continued under proper surveillance. However, she did not turn, and so it was that Mag finally arrived at the square and looked around her to see how the land lay. There were many pretty-dressed children romping over the grass, all of them happy and rich—Oh, yes! rich, of course; but for some minutes it seemed that Mag was doomed to disappointment. "Now, Miss Madge—" Ah, that was the name! Mag wheeled around and saw a beautiful little girl who was walking with her nurse, but, surely, there must be some mistake. Madge the Lady had hair just like that, but she wore a red coat, and this Madge had a black coat. It must be that Madge the Lady had two coats. She had heard once of a girl who was was said to have two coats, but one of them was for Sunday wear. Here was a personage who wore two different coats, both of them on week days, and might even have still another to wear on Sundays! Two coats, and goodness only knows how many dresses; five or six, or maybe seven. Truly it was a wonderful thing to be so rich. The mere sight of Madge the Lady was not sufficient now. The nurse was busy talking to a policeman, and so she did not see Mag approach her charge and begin the series of shy, furtive glances with which a child usually precedes conversation with a stranger. "My name is Madge, too." The embryo belle drew herself haughtily up at this overture. To be admired at a respectful distance is one thing; to be accosted by a person of such obviously inferior station is quite another. "I say, my name's Madge, just like yours. You're a lady, but I ain't, so they call me Mag." "But—I don't think I know you." "I know you, though. You're Madge Kendall and your father's a millionaire. My father's a goner, that's what he is. My mother ain't a goner, though, she washes clothes." The girl betrayed a slight curiosity, but declined to reply. "Say, how many coats have you got? Three?" "I have five coats." Mag opened her eyes in astonishment, but before she could say another word the conversation was rudely interrupted. "Miss Madge! Miss Madge!" cried

the excited nurse, hastening up with the policeman in her wake. "You mustn't talk to such people. Here," turning savagely upon Mag, "you run away where you belong." "Be aff wid ye," commanded the policeman. "Good-by, Miss Madge." "Good-by—Mag." Mag stood for a moment gazing after Madge, who was being led back to the bench. Although her farewell had been responded to, she felt that she could never be friends with the other who was so jealously guarded. Madge the lady must not speak to "such people." It was her first experience with the distinction of caste and she did not wholly comprehend it. She only knew that for some reason or other the similarity of name was not sufficient passport to the friendship of a young lady with five coats and goodness only knows how many dresses. She sank down on a convenient bench and buried her head in her hands to think it over. She had always been poor, and did not expect to ever be anything else, but she had never felt it so much. The shabby skirt and ragged shoes looked more shabby and ragged than ever. It all happened in an instant. Mag was shaken out of her reverie by an uproar of shouts from down the street and the clattering rumble of a runaway team. There was a nearer sound, the scream of a frightened woman. She saw the bewildered nurse, paralyzed with fright, and the stout, awkward policeman lumbering in her direction. She looked out into the street, and there, right across from her, was Madge the Lady, too terrified to move, and the heavy team bearing down upon her. The policeman would never be in time. Mag darted from her bench, seized the dainty Madge—ah, how soft the velvet coat felt!—and fairly lifting her off her feet, bounded to the safety of the sidewalk. But there was Mrs. Davis turning the corner. Mag had forgotten her mother. She would be captured and punished. No, she would not be captured if speed could save her. "Look out, there!" "Too late again, Mr. Policeman!" Mag opened her eyes and looked wonderingly at the officer who bent over her and steadied the stretcher as the patrol wagon jolted over rough places. "How is she?" "She's all right; safe as could be," answered the policeman. He was a stout policeman, who ran very slowly, and he seemed to understand just who Mag meant. "What are you 'restin' me for, and—Oh! What's the matter with my leg?" "Just keep still and ye'll be fixed up as soon as we get to the hospital. Ye see, ye jumped back into the street again and the wagon hit ye." "I remember. I saw Mom." She closed her eyes and was silent for a moment. The policeman could already see the hospital, not very clearly, because there was dust or something in his eyes, but they would surely be there in another minute. "She's Madge the Lady—and she's got five coats—and—I'm—Madge the Mag—I—" The hospital at last, but—too late again, Mr. Policeman!

NATIVE QUARTER OF COLON.

Many Nationalities Swarm on the Tiny Island and All Seem to Be Happy. The portion of Colon known as the "native" quarters is most interesting to travelers from the land of Uncle Sam, says the Detroit Free Press. Such a heterogeneous collection of nationalities as swarm there would be hard to duplicate. It is estimated that fully 50,000 people remain on the tiny island, and a large portion of them are blacks from Jamaica and Santo Domingo—tall, powerfully built men and women, with the flattest noses, thickest lips and woolliest wool that ever grew on human craniums. The circumscribed space wherein they swarm and breed like fleas bears no comparison to any other of like dimensions under the sun. The one street and the narrow alleys that intersect it are at all times crowded with negroes—bold, flaunting creatures, many of them in bedraggled dresses of white lace or embroidery, with beautiful white silk shawls, bare feet thrust into high-heeled French slippers and kinky hair half covered with bright handkerchiefs, coquettishly knotted into double bow sort of turbans set far back on the head so as not to interfere with the exaggerated "bang" like a miniature brush heap which every one of them affects. There was a time when the large negro element became extremely dangerous, and that was immediately after the collapse of the French canal scheme, when thousands of these people were suddenly thrown out of work and famine stared them in the face. In spite of poverty these happy-go-lucky children of Ham seem perfectly contented, singing, laughing and dancing the careless hours away. The Hotel Savoy in New York plumes itself upon the possession of the largest mirror in the world. Only two steamships of the ocean—one of them the Friesland, in which it came—have room in their holds to stow away such a large package. It is a little more than 13 feet square and is nearly half an inch thick. To get this perfect plate five different glasses had to be cast. It was made at the St. Gabriel glass works in Paris. Miss Minnie Bronson, of St. Paul, who was superintendent of the liberal arts department of the Pan-American exposition, has been appointed superintendent of primary and secondary education at the St. Louis exposition.

Society and x x Personal.

Mrs. Will Breyman entertained the Columbia club at her home on Graves Place this afternoon. The Mesdames J. S. Dykstra and D. J. Slayter figured as most entertaining hostesses at two afternoon social events last week. A number of ladies were the guests at each occasion. Among the amusement features were prize contests at which Mrs. J. T. Bergen and Mrs. H. VandenBelt were victors. Elaborate refreshments were served and a very pleasant time was enjoyed by all. The supper served by the Ladies' Guild of Grace Episcopal church last Tuesday evening was a successful affair. The menu consisted of baked fish, mashed potatoes, hot rolls, bread, cabbage salad, devilled eggs, pickles, strawberries and cream, coffee, tea and cake. Many were served and the Guild netted a nice sum of money. A pleasant party consisting of seventeen little boys and girls was given last Saturday afternoon by Mrs. F. I. Walsh in honor of the birthdays of her sons Alexander Braine and Francis Heber. A happy time with games and various amusements was spent. Dainty refreshments were served. All present were happily entertained and wished the two guests of honor many returns of the day. Mrs. James Annis entertained the sewing bees of Crescent Hive at her home on West Tenth street. The ladies kept up their reputation and buzzed and worked as busy bees the whole afternoon. The Senior class of the high school enjoyed their first social evening of the year at the hospitable home of Mrs. H. D. Post. Besides the Seniors, of whom there are twenty-two, Superintendent F. D. Haddock, Principal and Mrs. Eblers, teachers M. E. Dick, the Misses Buckingham, Krell and Strange, and Miss Bessie Johnson, a former member of the class, were present. After an entertaining program consisting of recitations by W. H. Cooper, and vocal and instrumental music by members of the class dainty refreshments were served. A pleasant time was spent at charades. The whole evening was an enjoyable one and will long be remembered by the graduating class of '03. A company of ladies were pleasantly entertained by Mrs. G. Steketee assisted by Mrs. Clark of Fort Wayne, Ind. At cards Mrs. D. J. Slayter captured the prize and Mrs. J. B. Hadden received consolations. The home was prettily decorated with flowers, and dainty refreshments were served. The St. Agnes Guild of Grace church will give a social Thursday evening May 21st at the home of Mrs. D. H. Redmond at 203 West Twelfth street. All are invited. There will be a meeting of the St. Agnes Guild Monday evening at the Guild Hall, 7:30 o'clock. The regular meeting of the Hope church Ladies Aid society Wednesday afternoon May 20, at the home of Mrs. L. E. VanDrezer, 123 East Tenth street. Miss Gertie Mulder was united in marriage to John Boeyink, of Grand Haven, at the country home of the bride's parents last Tuesday. A number of relatives attended the ceremony. Mrs. L. Mulder of this city, was among the guests. Mrs. J. Westveer on West Twelfth street is entertaining Mrs. Chaplain of Wyoming, and Mrs. White and children. The Misses King, of Muskegon, are visiting with Mr. and Mrs. J. Dyke on West Thirteenth street. Mrs. Dr. J. O. Scott was the guest of relatives at Salem the first of the week.

What is to be one of the grandest social events will be the closing hop of the season, which is to be given in the Woodmen hall, Monday evening, May 25th, under the auspices of Mrs. Clark. To make the evening a special and drawing attraction the famous Fisher's Pan-American orchestra, consisting of eight pieces has been secured to provide the music. The hall will be prettily decorated, electric fans will be provided to keep the air cool and every means will be employed to make the occasion as brilliant a one as has ever been seen in this city. Damson & Calkin will serve ices.

Mrs. A. Vlscher, Mrs. J. C. Post and daughter Katherine, will attend the May festival at Ann Arbor. Rev. J. Van Houte spent several days as the guest of friends in this city. Mrs. F. Kamferbeek of West Eighth street entertained the Ladies' Aid society of the Fourteenth street Christian Reformed at her home last Wednesday afternoon. Mr. J. Rockwood was the guest of friends in Kalamazoo last Sunday. Mr. and Mrs. Benjamin Brower visited friends and relatives in Hamilton last Sunday. George E. Clarke, has returned from Petoskey where he transacted business in behalf of the Wolverine Boat works. G. Wilterdink, the city treasurer, and his daughter, Hattie, spent Sunday with relatives in Grand Rapids. Fred Oltmans spent last Sunday with friends in this city. Mr. and Mrs. H. Landaaal are entertaining Mrs. H. Straks, of Harrison, S. D. Dr. and Mrs. F. M. Gillespie, the former of whom is grand representative of Castle Lodge, Knights of Pythias, attended the thirtieth annual convention of the Grand Lodge which met at Saginaw last Tuesday. Mrs. Mastenbroek has been called to Chicago on account of the sudden illness of her mother, Mrs. John Larsen. At the time Mrs. Larsen was taken ill her husband was in Holland visiting his daughter. Miss Blanche Howell, who has spent a five months' visit with relatives and friends in Missouri, Chicago and Waukegan, has returned to her home south of this city. Mrs. B. P. Higgins, as representative of the Eureka lodge, attended the convention of the Daughters of Rebekkah at Fennville this week. Miss Jennie Vliek, who has employment in Grand Rapids, visited her parents on East Thirteenth street this week. W. H. Beach who spent ten days on business in Kentucky, returned home last Wednesday. The Women's Christian Temperance Union will hold a meeting at the home of I. H. Fairbanks 27, West Thirteenth street, on Friday afternoon, May 22. The meeting will be called to order at 3 o'clock. A cordial invitation is extended to all. The Woman's Literary club met as usual at the home of Mrs. King. Though all the members were not present the meeting was interesting and very profitable. The papers which were read showed that the ladies know considerable of American poets and painters. Mrs. Garrod was unable to be present but her discussion on William Cullen Bryant was read by Mrs. Post who ably presented the paper that told of the early education, the public career and poetical genius of the author. Bryant was the poet of New England. In his youth when but 17 years of age he wrote "Thanatopsis." "Vision of Death." This youth had quite unconsciously produced a poem which none of the brilliant galaxy of poets then ascendant in England would have been ashamed to own. To cultivate a love of the best in poetry no one can afford not to learn by heart the eighty-one lines of "Thanatopsis." Its melancholy but at the same time its consoling qualities were brought out in a reading of the poem by Mrs. McLean. Bryant wrote other poems, many of which are sacred to many homes. The lines "To a Waterfowl" were read by Mrs. Kollen in her dramatic and effective manner. Mrs. King read an interesting paper on "Stuart and American Portrait Painters." Together with amusing anecdotes of Gilbert Stuart a clear idea was given by the author of the growth of the art of painting in America. Though of comparatively short existence this country counts a number of renown painters among whom are Peales Copley, Stuart and Trumbal. The first poetry of America was discussed by Mrs. Wheeler, who told how women wrote verse for pastime. Naturally no classical poems were written though once in a while beautiful thoughts found utterance and are of interest at the present day. Interesting quotations from Bryant were given in response to roll call.

ARRIVES AT LOS ANGELES

Hearty Welcome Extended to President Roosevelt at All Stopping Places in California.

PENT-UP ENTHUSIASM IS GIVEN VENT.

Greeted by Thousands of People on the Trip from Redlands—Stops at Pasadena and Calls on Mrs. Garfield—Gets Fine View of Famous San Gabriel Valley.

Los Angeles, Cal., May 9.—After having been welcomed to the state at Redlands by Gov. Pardee President Roosevelt made his entry into Los Angeles at one o'clock Friday afternoon. The enthusiastic welcome that has greeted him at each stopping place within the boundary of California reached a climax when the special train, drew into Lagrande station. Los Angeles had for many days been preparing for him and she was ready.

Greetings on the Way.

The presidential train left Riverside in the morning at an early hour. Thousands of people turned out to bid the president good-by. On the way over the Santa Fe a half hour's stop was made at Claremont, where the president spoke to the students of Pomona college, the president of which, John D. Gates, is an old-time friend of Mr. Roosevelt. From Claremont the train ran through the picturesque San Gabriel valley to Pasadena, where a stop of two hours was made.

Speaks at High School.

Pasadena, famous for its beautiful homes, had been elaborately decorated. All the business houses and residences on the route over which the president was driven displayed American flags and bunting. On the way to the Wilson high school, where the president delivered a short speech, he passed under a floral archway which extended for two blocks on Marengo avenue.

Calls on Mrs. Garfield.

After the address President Roosevelt and party took carriages for a drive through the city. The route took them down the famous Orange Grove avenue, the "street of millionaires." A brief stop was made at the home of Mrs. Garfield, the widow of the late President J. A. Garfield, with whom the president chatted pleasantly for a few moments.

In Los Angeles.

Promptly at 12:30 the party boarded a train at Raymond station and left for Los Angeles. When the train pulled in at Lagrande station, Los Angeles, thousands of people blocked the streets on every side.

Continuous Cheers.

The president entered the carriage with Gov. Pardee, Secretary Moody and Private Secretary Loe. They were driven directly to the Westminster hotel where luncheon was served. From the station, along Second street to Main and thence to the hotel, crowds had gathered for a glimpse of the chief executive. All the enthusiasm that had been pent up for days past during the preparations for the coming of the president was given voice in continuous cheers, which the president smilingly acknowledged.

A Quiet Sunday.

Hotel Del Monte, Cal., May 11.—President Roosevelt spent most of Saturday at Santa Barbara, Cal. He took a drive to Monterey through some of the finest scenery in the state. Sunday was spent here in a quiet manner. The president and a small party rode horseback over the famous 17-mile drive along the sea. In the afternoon he attended St. John's chapel, on the hotel grounds. The services were conducted by Rev. Hobart Chetwood, the chaplain.

Seen Big Trees.

San Jose, Cal., May 12.—An ovation was tendered President Roosevelt on his arrival here yesterday afternoon. He was shown the most famous orchards and vineyards of this section of the state, visited the famous giant trees, and warmly expressed his appreciation of the Santa Clara valley. At Campbell, where a large number of fruit growers and farmers had assembled, the president spoke a few words. The school children of San Jose were reviewed by him in front of the McKinley monument.

Welcome to Frisco.

San Francisco, May 13.—Heartier greeting was never given a president of the United States than that offered yesterday by the city of San Francisco to Theodore Roosevelt. Through miles and miles of densely packed, cheering, patriotically enthused humanity, the nation's chief passed bowing his acknowledgments. After the parade the president went to the Y. M. C. A. building and assisted in burning mortgages against the property. In the evening at a banquet the president spoke on finances. En route to this city the train stopped at Palo Alto, the site of the Leland Stanford, Jr., university, where the president spoke on education and good laws.

Dr. Ames Guilty.

Minneapolis, Minn., May 8.—Albert Alonzo Ames, once mayor of Minneapolis, has been found guilty of accepting a bribe of \$600 while chief executive of this city. He was given his freedom on a bond of \$21,000.

Mother and Daughter Perish.

Frankfort, Ind., May 11.—Mrs. N. A. Long and her five-year-old daughter are dead and a three-year-old son is perhaps fatally burned as the result of an oil lamp explosion early Sunday morning.

RELIEVED OF DUTY.

Postmaster General Payne Removes A. W. Machen from Head of the Free Delivery System.

Washington, May 9.—The investigation of the affairs of the post office department, which has been dragging along for two months, took a sensational turn late yesterday afternoon when, by order of Postmaster General Payne, August W. Machen, general superintendent of the free delivery system, and one of the most widely known government officials in the United States, was relieved from his duties, and Post Office Inspector M. C. Fosnes was designated to take charge of that service.

The action of the postmaster general was taken on the written recommendation of Fourth Assistant Postmaster General Bristow, who is directing the investigation of the affairs of the department. Mr. Machen promptly acquiesced in the decision of the postmaster general, taking occasion to say, in doing so, that he courted the fullest investigation of his official conduct.

TWO THOUSAND HOMELESS.

Two Hundred and Fifty Houses Destroyed by Fire at City of Ottawa, Ont.

Ottawa, Ont., May 12.—About 250 houses destroyed, probably 2,000 people homeless and a financial loss of fully \$500,000 is the result of the conflagration which Sunday devastated the area between the Ottawa and Parry Sound railway tracks on the east, Albert on the north and the tracks of the Canadian Pacific Prescott line and Third avenue on the west. The money loss is about one-half covered by insurance. While it was generally believed Sunday night that an incendiary had started the fire, doubts were thrown upon this theory Monday. It was said Monday that the blaze was seen in the grass before it seized the lumber. There was from 10,000,000 to 15,000,000 feet of lumber burned. The buildings destroyed were dwelling houses and stores. No lives are known to have been lost.

LIVES CRUSHED OUT.

Slide of Body of Rock in a Tunnel at Eggleston Springs, Va., Causes Loss of Six Lives.

Roanoke, Va., May 8.—Six men were killed and three others injured, some of them fatally, by a slide of rock in the east end of tunnel No. 2 at Eggleston Springs, on the Norfolk & Western railroad. Railroad contractors were engaged in double tracking the two tunnels at the point named, and when the tunneling force had removed the earth and stone for the railroad tracks at the point where the calamity occurred a huge slide of solid stone gave way on the mountain side and came down at an angle of about 45 degrees, striking the gang of laborers at work fairly and crushing the life out of six men.

ENDS ITS WORK.

Illinois Legislature Adjourns Sine Die After a Session in Springfield of Four Months.

Springfield, Ill., May 8.—At 1:25 o'clock Friday morning the house of representatives adjourned sine die, the senate having adjourned at 12:50, and the Forty-third general assembly was a thing of the past. The Mueller municipal ownership bill was left in the governor's hands. During the session over 100 bills were passed, exclusive of regular appropriation bills, which approximate 175, carrying appropriations of about \$15,000,000. During the session of four months 1,100 bills were killed.

Vote for Saloons.

Concord, N. H., May 13.—Every one of New Hampshire's 11 cities yesterday voted to grant licenses for the sale of intoxicating liquor for the coming year. Of the 135 towns so far heard from 100 went for no license and the remainder in favor. This was the first time the people of the cities and towns had voted on license under the recently adopted repeal of the state prohibition law.

Fatal Fire.

Kewanee, Ill., May 12.—In a fire which destroyed the Tremont house here early in the morning Eggert Timm, of Amboy, Ill., perished and Edward Krumpleman, of Marcelline, Mo., suffered injuries from which he died at two o'clock yesterday afternoon. Theodore D. Thompson, of Magnolia, Ill., was seriously burned, but will recover.

Is Captured.

Lexington, Ky., May 11.—The capture of Curtis Jett, charged with the assassination of J. B. Marcum in Jackson Monday was accomplished without bloodshed at three o'clock Sunday morning. He is now in Clark county jail at Winchester.

Called to Illinois.

University of California, May 13.—Joel Stebbins, a resident graduate student who recently took the degree of doctor of philosophy in astronomy, has been called to the directorship of the observatory at the University of Illinois.

Death of a Poet.

New York, May 13.—Richard Henry Stoddard, the American poet and author and the last member of his family, died at his home in this city yesterday, aged 78 years.

Two Thousand Homeless.

Ottawa, Ont., May 12.—About 250 houses destroyed, probably 2,000 people homeless and a financial loss of fully \$500,000 is the result of a conflagration in this city.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses everyday give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

A Hard Struggle.

MANY A HOLLAND CITIZEN FINDS THE STRUGGLE HARD.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Holland people endorse this claim.

J. H. Streur, farmer three miles south of the city, says: "I was bothered more or less for years with pain through my loins, never sufficiently severe to lay me up, but it was distressing and annoying. If I overexerted myself or had been driving long, my back became so tired and ached so much that I could not rest nights. I had often heard Doan's Kidney Pills so highly recommended that I got a box at J. O. Doesburg's drug store and used them. They relieved me immediately, soon banished all my aches and pains and rendered the kidney secretions healthy and natural."

For sale all by dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

RESULT OF INDIANA FEUD.

Rivalry of Youths in Two Towns
Believed to Have Caused
Murder of Two.

PRETTY GIRL IS THE CAUSE OF TROUBLE

Indications Are That Both Young Men Were Assassinated by Parties from Ambush—Report That Threats Had Been Made to Take Their Lives.

Kokomo, Ind., May 16.—A bitter feud between the young men of Oakford and Hemlock, two small towns in this county, is responsible for the death of Louis Yeager and Francis Sutton of the first named town. Yeager was shot Sunday night and Sutton three weeks ago.

Yeager is thought to have been shot from ambush while driving home in his buggy from a visit with his sweetheart in Hemlock. The investigation has progressed far enough to disclose that such is the case. It also proves, beyond reasonable doubt, that Francis Sutton, another young man of Oakford, who was found dead in his buggy one night two weeks ago, was also assassinated.

Rivalry for the affections of the prettiest girl in the county, Miss Myrtle Finley, of Hemlock, is said to be responsible for the feud that is as bitter as any ever waged in Kentucky or the mountains of Carolina.

Miss Finley looked with favor on Yeager, and they were rumored to be engaged. Sutton was the accepted suitor of Miss Stella Peters, a close friend and confidant of Miss Finley. The young men, according to Miss Finley, often had been warned to keep away from Hemlock, or they would be "done up." Once, indeed, did the swains of Hemlock threaten Yeager in the presence of his betrothed.

"Keep away from the Hemlock girls," they said. "You will find Oakford far more healthful."
"You can't frighten me," was Yeager's reply. "I'll come here as much as I please, and so long as I am welcome at Miss Finley's home."

First Thought to Be Suicide.

Yeager's death caused a sensation throughout the country, where the existence of the feud was well known. A borrowed revolver, with one chamber empty, found at first, led the authorities to believe the young man had taken his own life. Evidence before the coroner disclosed the fact that one cartridge had been exploded before Yeager received the weapon from a friend.

Their Lives Threatened.

The evidence has disclosed that Yeager and Sutton, who resided at Oakford, eight miles south of here, were close friends, and both realized their danger in calling on their sweethearts at Hemlock, three miles away.

Their lives had been threatened by the Hemlock young men, who took offense at their attentions to the Hemlock girls. A feud has existed for years between the boys of the two villages. Two weeks ago Sutton was slain in his buggy, and Sunday night Yeager fell a victim to the assassins.

Three Hemlock young men are under surveillance, and their arrest will follow. There is great excitement in the neighborhood, and unless the officers take prompt action mob violence may result. The fiances of Sutton and Yeager are intimate friends, and arrangements had been made for a double wedding in June.

Ten Thousand Union Men Throughout East Go Out on Strike—At Other Places.

Pittsburg, Pa., May 11.—Ten thousand members of the National Association of Brick and Tile Makers, of America, struck Saturday, and by evening it was said the 25,000 members of the union in Pennsylvania, Ohio and West Virginia were out. The cause of the strike is the alleged discrimination of the Harbison-Walker refractories companies against union workmen.

Tragedy in an Almshouse.

Wausau, Wis., May 9.—James McMullen and John Rogulski, inmates of the Marathon county poorhouse, became engaged in a quarrel and McMullen, upon being called a liar, whipped out a knife and stabbed Rogulski. The knife entered his abdomen, allowing the intestines to protrude and causing his death. McMullen, who is 85 years old, will be held for murder. Rogulski was 37, and a cripple.

Had Not Slept for Two Weeks

OWING TO NERVOUS TROUBLE, YET MALTA PURA CURED HER AND NOW SLEEP IS REGULAR AND HEALTHFUL.

A well known lady residing southwest of this city, says she owes her life to Malta Pura, the great tonic and invigorator manufactured by the Battle Creek Health Beverage Co., Ltd. Although this lady is 72 years of age, she is now enjoying very good health. Here is what she says unsolicitedly:

"All the folks out here know that I have been a sufferer from a nervous trouble for years. I do not know the cause of the nervousness unless it was stomach trouble, but I do know that Malta Pura cured me, and I only used four bottles. About three or four months ago, I was compelled to take to my bed owing to my condition, but I could not sleep. It seemed impossible for me to get any rest. I took a number of medicines but none of them did me any good. My husband had three different doctors consider my case, but they did not help me. It was after two weeks of sleepless nights during which time I tossed about until I felt I would never get better, that I was told by a friend of my sister that Malta Pura would help me. Well, we bought a bottle and after I had used half of it, seemed somewhat improved for I could get little rest. I kept on taking it and after using four bottles in all, am as well as anyone could expect, my age considered. If I know of any person suffering from nervousness I shall feel it my duty to let them know what Malta Pura has done for me. I firmly believe it to be the savior of my life. I sleep well, without any after distress and consider myself as healthy as any woman of my age."

The name furnished on application to the Battle Creek Health Beverage Co., Ltd., Battle Creek, Michigan. Malta Pura is for sale at Druggists.

COUP BY OMAHA UNIONS

Tables Turned on Employers by Securing an Injunction Against Their Association.

THE COURT ORDER BINDS THEM TIGHTLY

Prevents Their Showing Discrimination Against Organized Labor or the Employers of It—Funds of Business Men Tied Up—Situation Is Serious—Other Strike News.

Omaha, Neb., May 13.—Judge Dickinson in the district court at seven o'clock Tuesday night, on application of John O. Yeiser, an attorney representing the labor unions, whose members are on strike, issued an injunction against the business men and proprietors even more sweeping than that issued by the federal court against the unions last week.

The injunction was granted on petition of the Waiters' union, Omaha local No. 23, by its officers, and is directed against the Businessmen's association and about 50 others individually, the list being made up of restaurant proprietors, coal and lumber dealers and a number of jobbers.

The Court's Order.

The order of the court restrains the Business Men's association and others named as defendants as follows:

1. From in any manner threatening to injure the business or person of any employer of members of cross complainant's union or member of labor union, or any person who may employ or desire to employ such union men, or from refusing to sell commodities and supplies of merchandise to employers of such union labor, and from discriminating against such persons in the prices charged for any such commodities.
2. From threatening or intimidating in any manner any person into joining the said Business Men's association or any organization to join labor unions.
3. From threatening or intimidating any person who may have become a member of said association or organization if he employs organized labor or recognizes labor unions into discontinuing such employment.
4. From imposing any fines upon its members or any person for violating any agreement not to employ organized labor or not to recognize a labor union.
5. From receiving or paying out any money whatever in pursuance of any agreement to break up labor unions, except attorneys in this action.
6. From paying or offering any money to officers or members of unions, directly or indirectly, as a bribe to do or not to do any act in pursuance of any agreement or any of said defendants against such unions.
7. From importing or engaging agents or servants to import any laborers into the city of Omaha or state of Nebraska in pursuance of any existing plan to destroy labor organizations or under any similar or new arrangement or plan.
8. From bringing any other injunction suits or actions in pursuance of any general plan of prosecutions to break up labor unions or of any new or similar plans connected directly or indirectly with any existing plans.

Complicates Situation.

None of the members of the Business Men's Association could be seen and any plan of action they may formulate will come up later. The situation is now considered a most serious one, what, with nearly 3,300 men on strike or locked out and a large number of business establishments, including 13 laundries, closed, has brought the business of the city almost to a standstill.

Secures an Injunction.

Springfield, Ill., May 13.—Mr. Leek, of the firm of Landsen & Leek, of Cairo, has secured from Judge Humphrey, in the United States circuit court, on behalf of the Mobile & Ohio railroad, an injunction restraining E. B. Clarke and 200 other striking switchmen, yardmen and other employees of the road, from interfering with the operation of the road by stopping trains, picketing yards or assembling in large numbers, or in any other manner interfering.

Railway Blacksmiths Quit.

Chicago, May 13.—The strike fever has spread to the railway shops of the Rock Island and Northwestern roads. After being refused an advance in wages, 400 blacksmiths and their helpers struck at the Rock Island shops, and about the same number are out in the shops of the Northwestern road.

Nine-Hour Day.

Milwaukee, May 13.—The International Association of Machinists has taken decisive action leading to a straight nine-hour day, in place of 64 or 55 hours per week, which rule applies in many of the shops throughout the country, based on a ten-hour day for five days, and an additional four or five hours on Saturday.

Restaurants Closed.

Denver, Col., May 13.—Two hundred cooks, 600 waiters, 500 butchers and 160 bakers were called out on strike by the Pure Foods council. Nearly all the restaurants in the city are closed. The cause of the trouble is the refusal of various bakeries and groceries to make contracts with the unions.

Strike at a Funeral.

Toledo, O., May 13.—During the funeral services over the remains of Mrs. Mary Kamm here, the drivers of hacks struck and refused to work, because the hearse was driven by a non-union

Wednesday's Victory

The victorious baseball bunch of Ionia, who twice defeated Holland and who smashed the old Grand Rapids Independents causing the picked lot of the valley city to be re-organized, were cleanly beaten on the local diamonds by the Holland team, Long and lanky Jackie Smith with more curves than the rapid Railway, with shoots as swift and as untouchable as a sunbeam and with support at every critical stage of the game let off the much boasted Ganzel bunch with 7 hits and but 3 scores.

Holland won the game in the first inning when with Andrews out, Root singled, took second and third on Ball's two bagger and came in on an error. He was closely followed by Ball and Shipple, who after wandering around the bases returned home making a family of three. For four successive innings the locals kept pounding the once invincible Thomas but were kept from scoring by good work in the out field. Then came the fifth. At this time Ganzel had two marks behind the bunch and things became more exciting. The locals started out with a hit by the never failing Captain Ball. With a deer like movement he managed to touch the corners of the square and come home to increase the lead by two. In the seventh two more scores were added and Ionia's rooters were silent and knew they had lost their money. To break the monotony of goose eggs they got one more run.

That was all. Nine full innings for Ionia, 8 for Holland, 7 hits off Smith, 10 for Thomas, 3 score for the visitors; 6 for the locals. Andrews performed phenomenal team work.

Holland 3 0 0 0 1 2 0 *—6 10 3
Ionia 0 0 0 1 1 0 0 1 0—3 7 3

Batteries—Smith, Sebastian, Thomas, Barber.

Thursday's Victory.

Some excess of joy, left over from Wednesday's game, was handed out to the fans at the baseball park, Thursday. Never before was there a more exciting game. Ionia anxious to make up for the lost game of the day before and Holland still thirsting for revenge to retaliate for the games lost at Ionia played as they never had done before.

Ball with a stock of riddles that kept the visitors guessing or finding an answer in Root's and Smith's mit allowed no scores. Osborn, the ex-leaguer, was no less in evidence. Even the mighty Ball swung his bat in whizzing circles and once left the plate after three futile tries at the sphere.

Until the fourth inning no scores were made. Then a single, a two bagger and an error sent Harris over the plate. He was followed by Ganzel and the score stood 2 to 0 in favor of Ionia. In the fifth the score became a tie.

After that until last part of the ninth it looked all the world like an extra inning game. Ionia had its last bat and still it was a tie. "Doggie" Andrews was up to bat. A foul tip was caught by Ganzel and Andrews was out.

Then Root with cruel late, Founded his bat upon the plate, Three balls two strikes flew by "Strike out" by George," said Root. "Not I."

Once more the spheroid flew, Root knew his strikes had counted two, With violence he swung his bat And almost hit the spheroid flat, Somewhere in this favored land, There is sweet music by the band, Poor Ganzel's bunch is out of fun, Newton Root made a home run.

The score; R H E
Ionia 0 0 0 2 0 0 0 0 2 3 6
Holland 0 0 0 0 2 0 0 0 1 3 8

Batteries—Osborne, Barber; Ball Sebastian.

The Herald is inclined to be more fair with their write up of the Holland and Ionia game of yesterday than it was on the one played Wednesday. Morrison or some other prejudiced sporting editor must be on a needed vacation. Crane you're a gentlemen.

High School's Victory.

The fastest and most contested game yet played between the High school and College Preps. was pulled off last Tuesday afternoon. A large crowd witnessed the game. Among the dignified visitors were superintendent Haddock, teachers and College professors, all of whom showed great interest in the contest. Both sides played with vim and were anxious to win. Nies delivered his slants and shoots in an unexcelled manner and made 17 of the college boys to strike where there was no ball. Andrea for the preps also did some fine work striking out 9 batters. Fielding on both sides was of sensational order, DeCook, in center field, managing to get under a number of what seemed pretty safe ones. Steketee won the batting honors for the high school, getting 3 out of the 4 hits, one a home run and two both good for the second bag. The preps made two scratch hits but both, with the help of a couple errors on the part of the high school boys, brought in runs. One more game will be played which will close the series.

Tomorrow the college team of Kalamazoo will play Holland on the local diamonds. The Kazoos have a high record and are considered the fastest college team in the state. It will be a good game.

Next week Tuesday the locals will visit Ionia and hope to be treated as fairly as the visiting team was here.

On Saturday, May 23, the Columbian Giants will play Holland in this city. The Giants are a fast lot.

The Internationals of Grand Rapids were easily defeated by Holland's fast team last Saturday. Ball proved a riddle to the furniture players who returned loaded down with some goose eggs. Holland, on the other hand, bunched their hits and made a run for each inning.

The base ball fans who accompanied the Holland bunch of ball players to Kalamazoo, are loud in praising the gentlemanly manners of that town. A large and enthusiastic crowd of Kalamazoo people turned out to see how their boys, Ball and Root, won laurels under the Holland banner. The game was a clean and fast one. Kalamazoo played good but Holland better, winning by a score of 5 to 2.

Citizen's Meeting.

In accordance with our annual custom a meeting of the citizens of Holland is called for Monday evening, May 18, at 8 o'clock in Grand Army Hall, to make arrangements for the proper observance of Memorial Day, May 30. A full attendance is earnestly desired.

By order,
D. B. K. VAN RAALTE,

PHYSICIANS DISAGREE.

Body of Agatha Reichlin, Who Was Murdered at Lorain, May Be Exhumed for Examination.

Lorain, O., May 13.—As a result of the disagreement between physicians as to the condition of the body of Agatha Reichlin, when it was examined after the murder, it is probable that the body will be exhumed. It is declared that two reputable persons are ready to swear that there were finger marks around the throat of the woman, indicating that she had been choked. These witnesses are said to be Dr. G. E. French, coroner of the county, and S. L. Koch, captain of the police department.

Dr. Cox, who made the post-mortem examination, testified at the coroner's inquest that there were no finger marks on the murdered woman's throat. Detective Mintz, of Cleveland, who is now at work on the case, states that a demand will be made that the body be exhumed.

Noah Spradling, the bartender, who sold the gallon of whisky to Casimir Reichlin, directly after the murder, has been taken to police headquarters by Detectives Goldsmith and Mintz. Spradling is said to have divulged important information regarding the murder, and will be held as a witness for the grand jury under heavy bail.

OFFICIAL.

[COMMON COUNCIL.]

Holland, Mich., May 12, 1903.

The common council met pursuant to adjournment, and was called to order by president pro tem Van Patten.

Present—Frs. pro tem Van Patten, Alds. Kleis, De Vries, Van Zanten, Nibbelink, Geerlings and Postma, and the City Clerk.

The reading of minutes and the regular order of business was suspended.

The committee on streets and crosswalks reported plans, specifications, diagram, and estimate of cost, of the proposed paving of Eighth street between the west line of River street, and the east line of Land street, including the necessary curbing, gutters, manholes, catch basins, approaches, and sewers for the proposed surface drainage of said part of said street.

By Ald. Geerlings:
PROPOSED PAVING OF EIGHTH STREET.

Notice is hereby given, that at a meeting of the Common Council of the city of Holland, held Tuesday, May 12, 1903, the following resolutions were adopted:

Resolved, that Eighth street, between the west line of River street and the east line of Land street be paved with either brick, asphalt block sheet asphalt, bituminous macadam or bituminous pavement, on a six inch concrete foundation, and that such paving shall include the construction of the necessary curbing, gutters, manholes, catch-basins, approaches, and sewers for surface drainage, in said portion of said street, said improvement being considered a necessary public improvement; that such paving be done in accordance with the plans, diagrams and profile of the work, prepared by the City Surveyor, and now on file in the office of the City Clerk; that the cost and expense of constructing such pavement, with the necessary curbing, gutters, cross-walks, man-holes, catch-basins, sewers and approaches as aforesaid, be paid partly from the general fund of the city, partly by the Grand Rapids, Holland & Lake Michigan Rapid Railway company, and partly by special assessment upon the lands, lots and premises abutting upon that part of Eighth street, between the west line of River street and the east line of Land street, as follows:

Total estimated cost of paving, including cost of surveys, plans, assessment and cost of construction, \$40,315.99; portion of estimated expense thereof to be paid by the Grand Rapids, Holland & Lake Michigan Rapid Railway company, as determined and stated by the City Surveyor, \$6,364.80; balance of expense to be paid by special assessment, \$33,951.19; that the entire amount of the balance of \$33,951.19 be defrayed by special assessment upon the lots and lands or parts of lots and lands abutting upon said part of Eighth street, according to the provisions of the city charter; provided, however, that the cost of improving the street intersections where said part of Eighth street intersects other streets, be paid from the general fund of the city; that the lands, lots and premises upon which said special assessment shall be levied shall include all the lands, lots and premises abutting on said part of said street in the city of Holland; also the street intersections where said part of Eighth street intersects other streets; all of which lots, lands and premises, as herein set forth, to be designated and declared to constitute a special assessment district, to defray that part of the cost of paving and improving that part of Eighth street in the manner hereinbefore set forth, said district to be known and designated as the "Eighth street paving special assessment district" in the city of Holland.

Resolved, that the profile, diagram, plans and estimate of cost of the proposed paving of Eighth street between the west line of River street and the east line of Land street be deposited in the office of the Clerk for public examination, and that the Clerk be instructed to give notice thereof of the proposed improvement and of the district to be assessed therefor by publishing the same for two weeks, and that Tuesday, the second day of June, A. D. 1903, at 7:30 o'clock p. m., be and is hereby determined as the time when the council will meet at the council rooms to consider any suggestions or objections that may be made to said assessment district, improvement, diagram, profile and estimate of cost.

WM. O. VAN EYCK,
City Clerk.

Dated Holland, Mich., May 13, 1903. Carried all voting aye.

By Ald. Geerlings:
Resolved, that the members of the common council examine the job of grading and graveling of Seventh street at 4:30 o'clock p. m., of Friday, May 15, 1903.—Carried.

By Ald. Geerlings:
Resolved, that the contractor be allowed \$5.00 part payment on the job of grading and graveling Seventh street, provided proper certificate is filed by the Surveyor.—Carried.

Adjourned.

WM. O. VAN EYCK,
City Clerk.

It Is a Mistaken Idea

To give too much time to the selection of a Piano; this time could better be spent in selecting a dealer. It should not be hard to size him up by the very appearance of things; for instance, if he be disposed to depreciate his competitor, his pretty strong evidence he hasn't much to offer for himself. One may well have reason to be suspicious of a dealer who promises very much more than is promised by other dealers in a like business. Select the dealer right and the good piano follows.
